

The background is a collage of various office-related items. In the top left, there's a close-up of a laptop keyboard. To the right, a spiral-bound notebook is open, showing a green and blue donut chart. Below the notebook, there are several sheets of paper with different types of charts: a blue bar chart, a blue pie chart, and a green and blue pie chart. A hand is visible pointing at one of the charts. The overall theme is business and data analysis.
